History - Prehistoric Britain From Stone Age to Iron Age

I will lift up my eyes to the hills, where does my help come from? My help comes from the Lord, the maker of heaven and earth."

Psalm 121 v 1-2

|---|---|---|------|------------------------------------|------------|--|---------|---|----------|--|-----------------|--|----------|---|----------|--|---|---|
| <p style="text-align: center;">What should I know ...</p> <p>I should be able to recognise the difference between past and present in my own and other people's lives. I should be able to understand some of the basic ways the past can be represented. I should be able to ask and answer questions about the past</p>  | <p style="text-align: center;">I will be taught facts ...</p> <p>I will learn that many changes happened between the stone age and the iron age. I will learn that there is no written evidence from this time so we have to rely on archaeological finds. I will learn that at first the people were huntergatherers but then settled in farming villages and eventually hillforts were built. I will learn that Stonehenge was built during this period but exactly why is still a mystery. I will learn that the use of metals changed the way people hunted, traded and made objects for decoration. I will learn that people moved from living in family groups to living in tribes</p> | <p style="text-align: center;">Key Questions ...</p> <p>What were the main changes in Britain from the Stone Age to the Iron Age?</p> <ul style="list-style-type: none"> • How did the way people live change during this period? • Where does this period fit on a history timeline? • How do we know what happened in the stone, bronze and iron ages? • Looking at the evidence, why do you think Stonehenge was built? • What was the reason for building hill forts? • Why was the discovery of metal so important? | | | | | | | | | | | | | | | | |
