Why is Punctuality so important to instil in our children?

- It helps students develop a feeling of discipline and responsibility
- It helps students be well prepared for their classes and presentations
- It gives children a sense of stability, security, and self-confidence
- It shows respect for others and their time, and helps students present an "I care" attitude that not only helps them succeed in school but also in life

As you may know from the children we have our Punctuality Pounds shop in school.

Each week Mrs Wheeler opens the shop to those who have been in school 100% of the time, meaning they arrived to school on time, didn't leave early or have any medical appointments in school time.

They can choose prizes based on whether they decide to choose a prize there and then, or save up for a full term.

The following children received a prize in assembly for doing just that!
